

**JOIN US on Wed., March 20th, 11:30AM - 2:30PM on the sidewalks in front of The FOUR SEASONS HOTEL, West Lake Village, CA 91364 for a peaceful protest against the carcinogenic military industrial surveillance grid known as “smart grid and smart meters”, where industry executives from Edison, PG&E, SMUD and other major utility corporations responsible for this active assault will be gathered.**

Who would ever think something as innocuous as an electricity meter would be used as a spying device against U.S. citizens, share the same weaponry as that used on the battlefield, be capable of harming and killing us right in our own homes without a trace. Who would ever imagine our own federal government actually using our tax dollars to fund a program like this, touting it as “green and environmentally friendly”? But then again who would also have ever imagined the U.S. president authorizing drone attacks on U.S. citizens deemed to be “terrorists” by the government and on U.S. soil, and that Occupy Wall Street peaceful protesters, Catholic Workers and American Friends Service Committee have all be deemed “terrorists” groups and that our federal government agencies - the FBI, Homeland Security in conjunction with local law enforcement have actually “TARGETED” these peaceful groups as “terrorists” and put sniper cross hairs on the leaders during peaceful protests? No one would have ever imagined this, yet this is what has and is happening in the U.S. right now.

**We will not be silenced, threatened, or treated as enemies of the state in our own country. We believe the corporate powers that are currently running our government agencies and those in other parts of the world are the ACTUAL “terrorists”, the REAL threat to homeland security and to the health and well being of U.S. citizens and people everywhere.**

**We will meet at Denny’s, 530 Ramirez St. Los Angeles, 90012 at 9:00 AM.  
Buses leave at 9:45 AM returning by 4:30 PM. 2 meals will be provided by “Food not Bombs!”**

**If coming from the South, take 101 Freeway North to Lindero Canyon exit (first exit after Kanan Road). Turn right onto Lindero Cyn Road, make your first right into parking area. Walk across street to hotel sidewalk. For more info. on this action: (like) No Smart Meter Coalition page on FaceBook.
