**AFFIDAVIT OF GERARD SCHILLING**

I, the undersigned, being first duly sworn, state as follows:

1. My name is \_\_\_\_ and I reside at -----, Naperville, Illinois.
2. I have been a resident of the City of Naperville for thirty years.
3. I am a customer of the City of Naperville’s Department of Public Utilities – Electric.
4. My wife and I are retired and live on a fixed income.
5. It is my good faith belief that such smart meter devices present health risks and represent a possible fire hazard.
6. It is my good faith belief that such devices can be “hacked” and therefore present security concerns which have not been adequately addressed by the City of Naperville.
7. It is my good faith belief that the installation of smart meters will substantially increase my electric rates over time through “time of use” billing, and the City of Naperville has done nothing to address the concerns and needs of low or fixed income residents.
8. My family and I are currently suffering as we feel threatened by fines, intimidation, and punitive financial charges in the event we seek to opt-out of the forced installation program.
9. I reaffirm that the information contained in points contained in the paragraphs above are true and correct.
10. End of affidavit.

Dated this \_\_\_\_ day of January 2012.
